
SPONSORSHIP PROSPECTUS

Dear Friends and Colleagues

We are pleased to invite you to participate in the 4th International Symposium on Halogen Bonding (ISXB-4 *Virtual*) to be held as a virtual event from 2 – 5 November 2020.

As with the previous symposia in this series, the aim of ISXB-4 is to bring together scientists from a variety of disciplines, but with a common interest in the halogen bond and related interactions. The symposium will cover both experimental and theoretical aspects of a broad range of fields such as medicinal chemistry, chemical biology, materials science and industrial applications through keynote addresses, contributed presentations and posters. Following on from the previous meetings there will be a focus on young scientists, with special sessions for rising stars and for undergraduates and high-school learners.

ISXB-4 was originally planned to be held in Stellenbosch, South Africa, but uncertainties that came with the COVID-19 pandemic forced the organising committee to change the event to a fully virtual one. Although many costs associated with the physical event will not have to be incurred, funds are required to secure the use of a virtual event platform with proper back-end technical support. The organising committee has also decided, after consultation with the International Advisory Committee, to reduce the registration fee considerably. This will result in a considerably lower income from registration fees.

With this in mind we, the organisers, would be honoured if you would accept our invitation to be an integral part of ISXB-4 *Virtual*. We provide opportunities for sponsorship that will enhance your visibility among both internationally recognised scientists and younger members of the scientific community, who are the purchasers of the future. Exposure of your company/organisation to this diverse international audience should, therefore, result in long term dividends. Although this is a virtual event, we will make sure to give you as much visibility as possible on the platform. The possibilities are listed below.

We hope that you will make use of this opportunity to promote cutting-edge research on solid state chemistry in the African region. Please see Page 2 for a list of sponsorship opportunities and then return the completed sponsorship acceptance form (Page 3) as indicated.

We look forward to welcoming you to the ISXB-4 *Virtual* Symposium in November!

Best wishes,

Catharine Esterhuysen (on behalf of the ISXB-4 Organising Committee)

Sponsorship Packages and Benefits

	Amount	Logo on home page of virtual platform	Session branding	Exposure during event: slides, videos, etc.*	Free registration	Exhibition booth	Logo and Link on website	Colour advert in Programme & Abstract eBook
Iodine	R50 000 +	✓	✓	✓	5	live	✓	✓
Bromine	R30 000 to R49 999	✓	✓	✓	4	live	✓	✓
Chlorine	R20 000 To R29 999	✓	✓	✓	3	live	✓	✓
Fluorine	R10 000 To R19 999	✓	✓	✓	2	static	✓	✓
Donor	<R10 000		✓	✓	1	static	✓	✓
Prize sponsorship (vouchers, membership, benefits, etc.)	Prizes for competitions to engage delegates in the activities offered on the platform		✓	✓	1	static	✓	✓
Icebreaker Sponsor	R15 000		✓	✓	2	static	✓	✓
Exhibition only	R8 000				2	live	✓	✓
Colour Advertisement in Programme and Abstract eBook	R5 000						✓	✓

* Exposure given at the conference will be proportional to amount sponsored.

Requirements for Adverts

A4: 297 x 210 mm (orientation: portrait)
Convert text to paths/curves
300 dpi CMYK colours
5mm bleed all round
Flat file - NO LAYERS
Saved as an Adobe Acrobat document (PDF)

Date for receipt of adverts and all material for virtual Exhibition booths

15 October 2020
Please email to the conference secretary

For more information or to do a booking, please contact the ISXB-4 Secretariat:
